PEDESTRIAN HIT AND RUN COLLISION EAST BROADWAY BOULEVARD AND NORTH BEVERLY AVENUE

The Tucson Police Department is seeking the public's assistance in identifying a suspect involved in a serious hit and run collision. On December 14, 2013, at 11:10 p.m., officers from Operations Division East responded to a report of a collision involving a vehicle and a pedestrian near the intersection of Broadway Boulevard and Beverly Avenue. Upon arrival, officers located an adult male pedestrian with serious injuries as a result of the collision. He was transported to a local area hospital for treatment. The vehicle involved fled the scene.

Detectives from the Traffic Investigations Unit responded to continue the investigation. They determined that the pedestrian was in the median lane of westbound Broadway Boulevard when the collision occurred. According to a witness, the pedestrian was kneeling over in the median lane going through some personal belongings in a bag. A vehicle was traveling westbound in the median lane and struck the pedestrian. The vehicle continued westbound after the collision.

The suspect vehicle was described by a witness as an older model, tan or maroon colored sedan. Based on evidence collected at the scene, detectives believe the vehicle to be metallic rust or burnt orange in color with some possible fading. The vehicle should have damage to the front drivers side wheel well and possibly further front end damage. Anyone with information is urged to contact 911 or 88-CRIME.
